Dr. Satnam Kaur

Dr. Rana Ram Jat

Dr. Dhruika Dhillon

Dr. Arpita Chattopadhyay

It was for the first time that PRS-Delhi organized the “World Asthma Day” in various parts of Delhi - NCR, to make it comfortable for pediatricians and PRS members to participate in large numbers at their convenience. The response was truly overwhelming.

CME's for doctors, patient awareness programs, school health talks, sapling plantation drive, gifting of sapling to patients and free health checks and spirometry was conducted at four prominent institutions of the country:

1. KSCH & LHMC-Delhi
2. Fortis Memorial Research Institute, Gurugram
3. Hindu Rao Hospital-Delhi
4. Chacha Nehru Bal Chikitsalaya-Delhi

Apart from the impressive attendance by both doctors, patients and their families, what was more rewarding and humbling was GINA acknowledging the efforts made by PRS - Delhi on the occasion of World Asthma Day towards spreading the information regarding management of childhood asthma and correct use of devices available.

2023 GINA MAIN REPORT

2023 GINA Report, Global Strategy for Asthma Management and Prevention

The 2023 update of the *Global Strategy for Asthma Management and Prevention* incorporates new scientific information about asthma based on a review of recent scientific literature by an international panel of experts on the GINA Science Committee. This comprehensive and practical resource about one of the most common chronic lung diseases worldwide contains extensive citations from the scientific literature and forms the basis for other GINA documents and programs.

CHINA

Chinese Thoracic Society (CTS) World Asthma Day 2023

Every year on World Asthma Day, we hold education programs such as asthma day free clinics and free lung function test in hospitals across China, and widely publicize them on media and on internet.

May 2, 2023 is the 25th World Asthma Day. CTS and CTS Asthma Group have released the theme of this year's Asthma Day, Asthma care for All, to the whole countries, designed the posters, and orchestrate hospitals across the country to carry out World Asthma Day activities.

World Asthma Day Celebrations - School Health Talk

The Pediatric Respiratory Society, Delhi, and Fortis Memorial Research Institute, Gurugram, celebrated World Asthma Week as "Green Week". On 1st May a school health talk was held at Scottish High School, Gurugram. The talk was given by PRS, Delhi General Secretary, Dr. Neetu Talwar. The children wowed everyone with their enthusiastic response and their knowledge about Childhood asthma and its management. They were aware of acute exacerbations and were explained the need to help those children who are affected. The psychological impact of this chronic disorder and the need to support and help, especially in case of an emergency was discussed and reinforced. It was a huge success.

Pediatric Respiratory Society, Delhi hosts World Asthma Day at Hindu Rao Hospital

We have celebrated World Asthma Day at several hospitals throughout the week which we named "Green Week". Four prominent hospitals in Delhi - NCR co-hosted the event at their respective hospitals. On the 4th afternoon, a public health awareness program was held at Hindu Rao Hospital for parents and children. It was an interactive session with over 150 delegates. Various aspects of asthma pathophysiology, triggers, treatment and the importance of compliance and adherence were emphasized. It was a huge success. It was attended by Neetu Talwar, the PRS President Dr Tilak Raj Dangwal & organized by Dr Rakesh Dogra.

World Asthma Day Celebrations - Fortis Memorial Research Institute, Gurugram, Haryana

As part of the "Green Week Celebrations", in association with PRS Delhi, Free health consults were conducted in the pediatric OPD, with gifting of saplings to both inpatients and OPD patients. It was very well appreciated by the patients and their caregivers. The tree plantation drive was also done with the planting of saplings by other doctors. It was a huge success. Awareness about this condition was spread on social media by way of videos and newspaper articles.
